

QUALITY POLICY

The management of MIPEXA s.r.o. declares this quality policy with strong belief that it will be understood and accepted by all employees and also by our business partners. Our aim is to achieve and keep a certain reputation in the field of quality, prices and on-time deliveries which will ensure us a strong position on the national market as well as on the broader international market.

The tool for achieving such an aim is implementation and upkeeping the quality system according to the standard ISO 9001:2015.

We truly believe that our quality policy will arouse our employees' healthy feeling of pride of our products and the good name of the company.

CUSTOMER

- As a manufacturer of machined parts for the air conditioning equipment and automotive industry, we want to achieve the highest possible satisfaction of internal and external customers.
- Every employee of MIPEXA s.r.o. must do the best he can to satisfy our customer.
- Everyone who receives our work is a customer and deserves only the best.
- The level of our customers' satisfaction will be systematically evaluated and improved.

EMPLOYEE

- We will create a friendly work environment.
- We will listen to opinions and requirements of our colleagues.
- We trust our colleagues. We will support their growth and activities during improvements of all processes.
- The new relationship between our employees and the quality shall be the guarantee of the best quality of our products.

QUALITY POLICY

SUPPLIERS, SUB-SUPPLIERS

- The quality of our products depends on the quality of supplied material and services. We will support chosen suppliers while achieving their quality aims. Their progress is also our priority.

ENVIRONMENTAL RESPONSIBILITY

- We will constantly seek new possibilities of reducing the impact of our activities on the environment, health and safety of our employees and citizens of our region.

LONG-TERM STRATEGY

- Implementation of effective management shall be the mean of achieving and upkeeping a good reputation and economic prosperity of the company as well as of stabilization of social certainties of every employee.
- Sources must be used efficiently and the payback of investments must be assured.

To make sure that this quality policy will be followed, the management of our company undertakes to formulate basic aims for relevant calendar year and check their fulfilment.

The quality aims are presented in a special document which is issued by the quality board for a calendar year.
